Message from the RMH BC Ski Challenge Chair

Imagine how it would feel to get the news that your child has a life threatening illness.

One common feeling that every parent must have is that they do not want to leave their child's side. They want to be with them through it all - to be there to hold their hand during treatments, to sit beside them during recovery periods, and to do their best at taking the pain away.

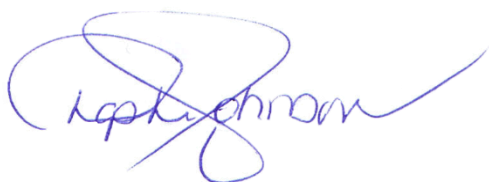

That is why Ronald McDonald House BC is here. Since 1983, RMH BC has provided a safe and nurturing home away from home for sick children and their families when they have to come to Vancouver from all across BC and Yukon for life-saving medical treatment.

Families who stay with Ronald McDonald House BC do all they can to support, reassure and comfort their children, and the House is there to support them.

As a parent and as the Chair of the 2016 Ski Challenge, I passionately support the work of Ronald McDonald House BC and couldn't be more proud to dedicate my time to such an important cause.

I invite you to join as a supporter of this event. Whether it's through sponsorship, a donation to our live or silent auction or the registration of a team or individual, your generous contribution will help support more than 2,000 families that RMH BC welcomes every year.

Working together, we can help ensure that seriously ill children get the best medicine possible - their families.

Daphne Johnson
Chair, RMH BC Ski Challenge

About Ronald McDonald House BC and Yukon

Ronald McDonald House BC and Yukon is a nurturing and magical home-away-from-home for sick children and their families where, together, their lives are enhanced through unconditional support, encouragement, friendship and love.

Since 1983, Ronald McDonald House BC has provided a safe haven for families with seriously ill children. Owned and operated by the Children's Family House Society of BC, and operating under the name Ronald McDonald House, RMH BC has provided exceptional service to almost 12,000 families over the last 32 years.

On July 7 2014, the new, bigger Ronald McDonald House BC, located on the grounds of BC Children's Hospital, opened to families. At 74,000 sq. ft. and 73 guest rooms, our new state-of-the-art, award-winning House is the 5th largest Ronald McDonald House in the world and will allow us to serve up to 2,500 families a year.

In 2014, we also opened BC's first Ronald McDonald Family Room at Surrey Memorial Hospital. With amenities such as a kitchen, living room, laundry, computer work stations and 4 bedrooms for overnight stays, our Family Room provides a home-like haven and respite for families of children admitted for urgent medical care.
